HEALTHCARE CAREERS DISCOVERY PROGRAM

For more information about the program, please contact us at
simulation@holyname.org or **201-833-3010**.

Considering a career in medicine, but aren't sure where to start?

The Healthcare Careers Discovery Program at Holy Name Medical Center's innovative Russell Berrie Institute for Simulation Learning is a one week summer course offering students an interactive, hands-on opportunity to train alongside our healthcare experts in a high-tech environment.

PROGRAM HIGHLIGHTS

The active learning environment will include a combination of classroom and simulation learning experiences introducing the student to various clinical professions and skills. Learn from experienced medical professionals as they share their knowledge about:

- Heartsaver CPR and First Aid certification
- Real life hands-on training of medical techniques and procedures including splinting, taking vital signs, tying surgical knots, listening to lung and heart sounds
- Career development strategies including resume writing, interview skills, and interpersonal communication

HOW TO APPLY

Participants will be chosen by competitive application and receive a certificate of completion at the end of the session. Apply online at simulationlearning.org/students.
